

## 3M Separation & Purification Sciences Division

### Declaration of Compliance for Materials and Articles in Contact With Food

Description of Product: HN Series Filter Sheets  
Supplier: 3M Purification  
Date of Declaration: 3<sup>rd</sup> March 2018

This letter is the declaration of compliance within the meaning of Article 16(1) of Regulation (EC) No. 1935/2004.

The product(s) listed above comply with the requirements of Regulation (EC) No. 1935/2004 in that:

- The product(s) are manufactured at an ISO 9001:2000 certified facility in accordance with good manufacturing practice as required by Regulation (EC) No.2023/2006.
- The product(s) have fully documented traceability throughout the manufacturing process that is identifiable by the means of a lot number printed on the product label or quality documentation supplied with the product.
- The product(s) are manufactured from materials that are suitable for contact with foodstuffs according to the following European specific measures or other recognized standards where specific measures have yet to be defined;

#### Filter Media

- The media complies with Czech Republic law 258/2000 on the protection of public health with regard to contact with drinking water and is declared suitable for the filtration of food, specifically beverages. The filter sheets are also compliant with FDA CFR Title 21 parts 170-190 for food contact.

In preparing this declaration 3M Purification has relied in part on information provided by 3M Purification suppliers.

Signed:

Andrew J Ball
